LET NEW

TRADITIONS

BEGIN

The tradition of summer camp is more than a nostalgic **retreat** to the past. It gives campers the social and intellectual **foundation** to discover who they are and where they want to go. Let Camp Horizons' many years of experience, friendship and fun illuminate your child's future.

DISCOVER
AGES 6-8

Our **Discover** program, for **ages 6-8**, provides our youngest campers, many who may be enjoying camp for the first time, a nurturing environment that is fun, safe and engaging. Discover campers sample our many camp activities with a close-knit cabin group that ensures a positive and encouraging experience with plenty of individual attention from counselors.

JOURNEY
AGES 9-11

Journey encourages campers, **ages 9-11**, to do the activities they love, explore new activities and be themselves! Journey campers are ready for new challenges and additional decision-making opportunities. Our Journey campers choose morning activities that match their interests, and bond as a cabin group in the afternoon with a sampling of activities. This unique blend of choice and structure allows our Journey campers to connect with new friends, strengthen their sense of independence and grow in their mastery of skills connected to different activities.

'Our camper experienced some pretty strong homesickness his first night but the incredible efforts of the staff turned him around so that from Monday morning on there was nothing but happiness. Thank you for helping him grow and try something new.'
