**DARE TO DREAM**

**LEAD THE CHANGE**

**Camp Up with People** brings together youth, ages 13-17, from across the nation and around the world to impact and inspire each other, their communities and the world around them through service and song.

**Camp Up with People** works to create global citizens by equipping young people with life skills to spark positive change in their community and ultimately the world. During each three-week summer session, our campers work together to:

- Learn, stage and perform a high energy professionally produced musical show that uses the arts to effect positive change.
- Present and experience a cross-cultural curriculum that celebrates diversity and promotes inclusion.
- Heighten our sense of social responsibility through involvement in numerous community service projects.
- Participate in regional learning excursions to our Harrisonburg community, Charlottesville, VA, and Washington, D.C.
- Laugh, play and enjoy three weeks of fun camp activities, like swimming, horseback riding, zip-lining, archery, campfires, s'mores and more!

'We are absolutely thankful for the whole competent and capable staff of CUWP, who with their love and care, patience and courage, provided a very welcoming and developing environment for our daughter to live the most beautiful experience of her life!'

- Drini and Alma S., Albania

**BE YOURSELF!**

**CELEBRATE OTHERS**

"My Camp Up With People experience was life changing. The community of kids that know each other for just three weeks and the connections we make are amazing. Switzerland, Albania, France and Canada are now some of the places where my closest friends are from."
