

What to Pack

We can promise a lot of things for your time Camp Horizons. We can promise safety-conscious and fun programming, high quality, trained staff, and coffee in the dining hall.

The one thing we can't promise is what the weather will do. We often operate outside, even if it is raining. It is incredibly important to pack, and label all your belongings!

Please look over this carefully and make sure that your family is ready for their visit.

Each village has warm water showers in the bathrooms, which are either located in the cabins or a short distance away. Your family will have your own cabin, or share with a family of your choosing, with a bathroom and a shower.

The bunks hold single mattresses and do not come with linens. We recommend a sleeping bag, pillow, and a fitted sheet underneath as the easiest option.

Happy Packing!
